

Photon Energy Group is a group of companies with a shared mission: making clean energy, clean water and clean environments accessible to everyone.

Photon Energy provides comprehensive solutions that support the generation of clean energy and the integration of renewables into the electrical grid. **Photon Water** offers water treatment and management solutions, and **Photon Remediation** deploys advanced technology to remove contamination from all environments.

A publicly traded company operating in over 15 countries across two continents, we combine a global outlook with localised expertise.

Since our founding in 2008, we've expanded to a team of more than 350 employees around the world. And we're committed to fostering a culture of shared values and sense of purpose as we continue to grow.

Meteorologist/Forecaster – Energy Trading

We are seeking an experienced **Meteorologist/Forecaster** to strengthen our fast-paced **Trading team**.

This newly created role offers the opportunity to take ownership of forecasting operations and contribute directly to optimising solar and wind energy generation across our portfolio.

Key Responsibilities

- ▶ Daily forecasting of PV and wind generation for our asset's portfolio
- ▶ Continuous nowcasting and short-term weather modelling
- ▶ Internal software administration related to weather forecasting
- ▶ Supporting short-term energy trading activities
- ▶ Managing KAT-forecasting for MAVIR (Hungarian support scheme)

Qualifications and Experience

- ▶ 2–3 years of experience in PV generation forecasting (utility or IPP)
- ▶ Degree in Meteorology
- ▶ Strong analytical and problem-solving skills in weather forecasting
- ▶ General understanding of the energy market
- ▶ Proficiency in English is required; fluency in Czech, Polish, or Hungarian is a strong advantage

- ▶ Comfortable working in a fast-paced, collaborative environment
- ▶ Eager to learn, adaptive, and responsible

Our Offer

- ▶ Full-time employment or B2B contract with the possibility of an immediate start
- ▶ An interesting job at a fast-growing global organisation in the promising fields of renewable energy and clean water technology
- ▶ Fixed salary plus performance-based bonus (linked to trading results)

If you are interested in the position and fulfil the above requirements, please apply online or send your CV to careers@photonenergy.com.
